FROM: George S. Anderson, Executive Vice President

SUBJECT: Change in Ginnie Mae's Data Collection, Analysis and Risk  
Management Agent

Recently, Ginnie Mae re-competed its Data Collection, Analysis and Risk Management Contract. PricewaterhouseCoopers (PwC) is currently performing this work for Ginnie Mae. Affiliated Computer Services, Inc. (ACS) was awarded the contract. ACS is a major out sourcer of professional and information technology services in the private and public sectors. The work will be performed by its subsidiary, ACS Government Solutions Group, Inc. (ACS-GSG), which is located in Rockville, Maryland. Deloitte & Touche L.L.P. will be a subcontractor to ACS-GSG.

The work performed under this contract includes the following functions: collecting monthly pool accounting and quarterly loan level data on loans backing Ginnie Mae securities; processing quarterly custodial bank certifications reports; and processing requests for reimbursement under the Soldiers' and Sailors' Civil Relief Act. **Please note that this change does not affect the submission and review of issuers' annual audited financial statements and supplemental reports. This function is performed by PwC under a different contract with Ginnie Mae.**

ACS-GSG will be responsible for receiving and processing the above information under the new contract effective October 1, 1999. All monthly and quarterly reports and certifications are required to be submitted to ACS-GSG on or after October 1, 1999, as noted in the table below.
